

Soil & Plant Testing Laboratory Fees for Analysis of Soil and Growing Material

Analysis of Soil And Growing Media	Fee per sample
Routine Analysis	
pH(water), available phosphorus, exchangeable potassium, calcium, magnesium	\$5
Special Analysis	
Total Nitrogen	\$10
Total Phosphorus	\$10
Organic matter	\$10
Other elements (aluminum, zinc, iron, manganese, copper, sodium, and boron)	\$2 per element
Nitrate and ammonium nitrogen	\$10
Electrical conductivity for soluble salts	\$5
Particle-size analysis (hydrometer method)	\$10

Samples received from outside Guam will be charged an additional 100% for the routine soil analysis and an additional 50% for all other tests.

An additional rush fee of 50% will be charged for analyses required within 4 days.

Fees charged for additional analyses not listed above will be at the discretion of the Soil Scientist with the approval of the Director of the Western Pacific Tropical Research Center, College of Natural and Applied Sciences.

Fees can be paid at the offices of the Agriculture & Natural Resources of Cooperative Extension, Room 105, Agriculture and Life Sciences Building on the University of Guam campus.

Please be sure to pay all outstanding fees when submitting samples or upon collection of laboratory results.

All fees subject to change.
